

New Hand-Carved Cedar Bench at South Whidbey State Park!

Many thanks to all the South Whidbey State Park supporters who donated to fund this beautiful bench!

Come sit on the new bench! You can see the sound and the mountains beyond. It's very peaceful, with a chorus of bird song in the evening. Listen for the incoming tide below.

Park in the main paved parking lot and take the trail from the kiosk.

Thanks to Pat McVay for carving the bench and park staff who helped get the site ready.
