

South Whidbey State Park

Thanks to Friends Volunteers who Removed Invasive Geraniums this Spring!

Shiny Geranium

Shiny Geranium and Herb Robert are 2 fast-growing invasive weeds. Thanks to dedicated volunteers, we are making progress in removing these weeds from the old campground.

Herb Robert

Thanks to Maribeth who is a Park Steward for the old campground area!

← Please brush off your boots & shoes when leaving the old campground trails.

Seed pods can eject seeds **15-20 feet!**
Many generations of plants can grow in one season.
Contact us if you are interested in learning more about our Park Steward program.
