

# South Whidbey State Park Ridge Trail Repair Work Party Friday, January 18th, 2019

Start with...

2 very muddy trail sections,

a project leader, David Allen, and

many dedicated volunteers.

Add a motorized wheel barrow...

a gator and people powered wheel barrows...

plus hours of shoveling and raking gravel...

The result is two completed "Gravel Burritos"!

Thanks to David Allen, project leader, and the fabulous crew that made this project a success!  
Volunteers: Amy, Adrien, Blake, David, George, Lee, Louise, Margie and Pete  
State Parks Staff: Dan and Sharon... A job well done!

Take a walk on the Ridge Trail at South Whidbey State Park and check out the new "Gravel Burritos".
